MENTOR NEWS
JUNE 2009

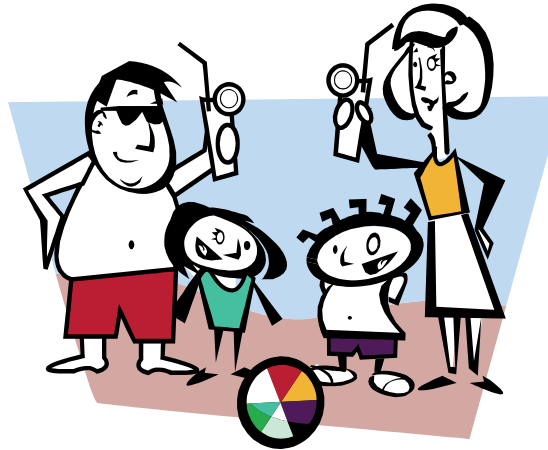

Hello everyone, and welcome to our 'Keys to a Future' family. Today is exactly 3 months from the launch of this fabulous program and so much has progressed since then. Here are some stats on where we are at so far-

LEARNER DRIVERS APPLIED - 27
MENTORS APPLIED - 13
MENTORS TRAINED - 9
HOURS ACHIEVED -15 BY ALF's
15.5 BY MENTORS

Progress is being made with funding. Talks are in progress with the Townsville City Council, Department of Transport and Department of Communities. Hopefully, out of those three, something will eventuate before 30th June.

I would like to invite you all to a BBQ dinner to get to know the other mentors who have joined our family. All catering will be provided, but if you wish to bring along your own chair for your comfort, please do so. Partners and family, also are most welcome. Please advise who will be attending when responding.

BBQ
