

## Let's Go! (The Reconnect Song)

© Rachel Greggery 2009

You've got a story so long, so deep and so wide  
You've been through so much, here worlds collide  
I won't pretend to know what's going on deep inside  
But we can be here for you and step that divide

Moving around from couch to couch and back again  
Round and round you go circling this rough terrain  
You're searching for answers to find what remains  
But we can lend you a hand to walk through the pain

So let's go, let's go, let's go, let's go  
So let's go, let's go, let's go, let's go

And let's us find a way out of here  
Let's find some stars to light your way clear  
Let's find sunshine in the rain  
And we'll do what we can to get you home again

You've been broken down by a world that doesn't seem to hear you  
And through your eyes this life of yours is looking oh so blue  
So you and I, let's go destroy the lies you've been buying into  
And break down those barriers and we'll push on through

So let's go, let's go, let's go, let's go  
So let's go, let's go, let's go, let's go

And let's us find a way out of here  
Let's find some stars to light your way clear  
Let's find sunshine in the rain  
And we'll do what we can to get you home again

Reconnection with the ones you know  
Reflection on what was and where to go... now  
Resuscitation so baby you can sing  
Resurrection of your hidden wings

So let's go, let's go, let's go, let's go  
So let's go, let's go, let's go, let's go

And let's us find a way out of here  
Let's find some stars to light your way clear  
Let's find sunshine in the rain  
And we'll do what we can to get you home again  
Home again,  
Home again,  
Home again  
mmmm.....
